

# EE 403 Registration Individual Project with Faculty

Semester:

## EE 403 section 7 (EE 403M)

(Students in the Schreyer Honors College)

## EE 403 section 6

(All other students)

Students doing an individual EE 403 project with a faculty member are still required to:

- Submit the required writing assignments to the EE 403 course coordinator
- Present their project/research to one of the EE 403 classes

**Note:** A combined total of six honors credits may be used as technical elective and EE 403. You may register **ONLY** by completing this form. The Academic Affairs Office staff will use this information in performing a variety of tasks. Please be sure to fill in all required data.
